

NEIGHBORHOODS AND NATIONS

In the middle of a global crisis, you may feel like there's little you can do to help, but that isn't true! We have an incredible opportunity to be the people of God and let our gospel light shine in a dark season. Here's how to pray and what you can do:

LOCAL

How to Pray

- Ask God how He would have you care for your neighbors around you.
- Ask that the Lord would allow the body of Christ to bring peace to the community amidst the chaos.

What to Do

- Write letters to your neighbors and ask how you can be praying for them or if they need anything.
- Call people whom you know are stressed, anxious, or scared and ask if you can pray for them.
- We desire to serve our community, both in caring for those in need and mobilizing those who desire to serve.

GLOBAL

How to Pray

- Ask God to stop the spread of disease in particularly affected countries like Iran, Italy, and Spain.
- Pray for God's peace to rest on those who have lost loved ones.
- Pray that the body of Christ in those places would bring peace, rest, and joy in the midst of chaos.
- Pray that many would trust in God and His name would be glorified in places where it is not.

What to Do

- Go [to this website](#) and make time to pray for the missionaries we support through the Lottie Moon Offering.
